

## **Astronaut Helmet**

Inspired by Mae Among the Stars

By: Roda Ahmed

### Supplies

- Construction paper
- [Astronaut Helmet Template](#)
- Stickers, markers, crayons, etc.
- Stapler
- Tape
- Scissors

### **How to make the Astronaut Helmet Craft!**

#### Step One

Print our astronaut helmet template. Cut it out and trace onto a piece of poster board. Cut the helmet piece out.

## Step Two

Decorate the helmet however your heart desires!

## Step 3

Cut a strip of construction paper that is 2-3 inches wide. You may need to tape two strips together to get the right length if necessary. Staple the construction paper strip to each side of the helmet, fitting it to your child's head so it will stay on.
